

Hey Dave,

I want to personally thank you for the time our facility got to spend at the WWT Raceway yesterday. We thoroughly enjoyed getting the opportunity to mingle and laugh with each other-especially down at the go kart track. I greatly appreciate the times I get to see my fellow coworkers having a good time and feeling carefree.

I had overheard that you even spent some of your own money in an effort for us to get the most out of the occasion— that is mighty generous of you, thank you very much! It was a blast!

I have been involved with the AT&T WIC program since our first order. To hear that our customer has such a high level of trust in our department, and the recognition of our efforts and objectives meant a lot to me when they decided to renew our contract. We hold our team to a high level of standards, and it's always nice to know that all the detail doesn't go unnoticed.

Again, thank you. We know that WWT doesn't have to throw shindigs for their employees, so it is very much appreciated when we do get together.

*With gratitude,
Eric*
