Galaxy Book2 Pro

It's ready to go the distance, literally

Premium performance and design

Thin, light and amazing
- Our thinnest and lightest laptop yet
- 13.3": under 2 lbs., 15.6" under 2.5 lbs.
- Easy to bring along in a tote, backpack or bag
- Sleek, stunning design makes a great impression

Powerful and fast
- 12th Gen Evo certified Intel processor
- Our most powerful processor available
- Stream webinars and video conferences with ease

Bright, brilliant and beautiful
- Stunning AMOLED screen that's up to 33% brighter[1]
- See and do more in amazing clarity
- Available in 13.3" and 15.6"
- 1,000,000:1 contrast ratio for incredible detail in the lights and darks
- Automatically adapts to any lighting environment

Productivity all day

Video chat in high definition
- Look and sound your best during online meetings
- Upgraded full HD camera with 1080 pixel wide-angle view that's 2x clearer than before[1]
- Dolby Atmos sound and intelligent noise canceling for clearer video calls
- 1080p camera with Auto Framing keeps you front and center on video presentations

Up to 21 hours of power, plus Fast Charging
- Our longest-lasting battery
- Work up to 21 hours[2] on a single charge
- 65W universal fast charger included
- Get a 40% charge in just 30 minutes
- Universal charger works with all your Galaxy devices

Do more, and do it more securely

Unite your Galaxy
- Galaxy devices sync wirelessly with each other to help you do more
- Interconnected network lets you easily access and transfer info from one device to another
- Access or transfer a file, photo or text on any device
- Start a video or voice call on one device, continue it on another
- Extend your workspace by using a phone or tablet as a second screen

Security that's all about your business
- Fingertip scanner lets you unlock your laptop with the tap of a finger
- Private Share[3] lets you set time limits on access to shared files, with the ability to revoke file access at any time
- Galaxy Book2 Pro is a Windows 11 Pro Secured-core PC
- Helps protect data with advanced protection of firmware and dynamic root of trust measurement

SAMSUNG

¹Compared to 2021 Galaxy Book Pro. ²Based on results from internal lab tests for local video playback time conducted by Samsung. Test results are from a prerelease version of the device under default settings (audio volume and brightness levels) without connection to Wi-Fi or mobile network. Battery life varies significantly with settings, usage, and other factors. ³Private Share features for both the sender and receiver require Galaxy devices with Windows 10, Android OS 10.0 (Q), and One UI 2.1 or above and the Quick Share app. Requires Wi Fi and Bluetooth connection.
