

Business performance. Galaxy style.

samsung.com/b2bchromebook

Samsung Galaxy Chromebook. Built for the way business is done.

Power to do more

- Lightning-fast 10th generation Intel Core i5 processor easily handles local or cloud-based apps

Double-take design

- 4K AMOLED touchscreen display and ultra-thin bezel
- Premium aluminum body weighs just 2.2 lbs. and measures just 0.39 inches when closed
- 2-in-1 convertible with touchscreen display allows users to instantly switch to tablet mode, and the nearly 360° hinge makes viewing simple

Work smarter

- Built-in pen for notes, sketches or marking up documents
- Smart Lock¹ unlocks your Galaxy Chromebook with just your Android smartphone
- Instant tethering, with no hotspot required²
- Google Assistant helps you master multi-tasking, and you can find apps to work smarter on the Google Play store

Secure, versatile, reliable

- Chrome OS is fast, powerful and keeps the Galaxy Chromebook secure with automatic software updates³
- Built-in fingerprint sensor helps keep devices secure in or out of the office
- Google Chrome sandboxing and discrete TPM chip help keep data secure

¹Smart Lock requires your phone to be running Android version L-MR1 or newer. You also must be signed into the same Google account on both your phone and Chromebook. ²Conditions of tethering may vary depending on your phone's network connectivity. ³Chromebook software updates generally arrive every 6 weeks but are occasionally delayed to ensure optimal user experience upon rollout. ⁴Total amount of available memory may be less based on configuration. ⁵Portion of memory occupied by existing content. See samsung.com for further details. ⁶Battery life may vary depending on network environment, usage patterns and other factors.
