Galaxy Chromebook 2

Presenting the world's first QLED Chromebook.

Ultra-real detail, ultra-fine precision.

QLED screen

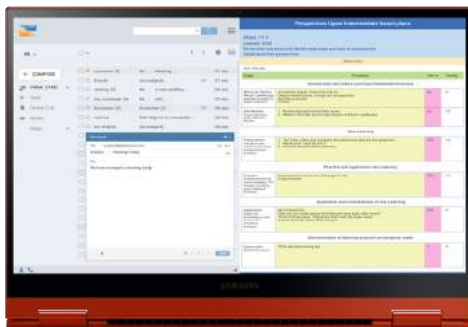

- Incredible detail with the world's first QLED Chromebook.
- Produces over 16 million colors at 100% color volume¹.
- Ideal for clear, realistic video collaboration and online presentations.

Universal stylus (USI pen) capability

- Compatible with any universal stylus (sold separately)².
- Industry-leading pressure sensitivity that's just like putting pen to paper.

Full-sized keyboard

- Full-size, backlit keyboard with wider keys.
- Helps eliminate typos and save time since it's a size people are used to.

Connect and engage quickly, no matter where you are.

Power and speed

- 10th generation Intel Celeron processor or 10th generation Intel Core i3 Quad Core processor³.
- Instant super-smooth and super-fast power.

Wi-Fi 6 GIG+ capable

- Can connect and stream up to 3x faster than Wi-Fi 5.
- Ideal for communicating quickly on Wi-Fi 6 networks that host many devices.

Long-lasting battery

- Up to 14-hour battery life.⁴
- Simplifies things by not having to carry a charger or look for an available power outlet.

Google Assistant included

- Get quick answers with Google Assistant.

Simple, smooth and secure management.

ChromeOS with automatic updates

- Cloud-based apps and tools gives you freedom to teach and work securely virtually anywhere there's a hotspot.
- Automatic updates keep software and security current.⁵
- Updates in the background, so you're never interrupted.

Designed for security

- Google Security Chip encrypts and helps keep sensitive data secure.
- Internal sandboxing management keeps device functions separate.

IT deployment and manageability made simpler

- IT can remotely set up devices, printers, networks, proxies and more.⁶
- IT can manage complex environments, either from the Google Admin console or your current UEM solution.

Chrome Enterprise cloud security

- Select from hundreds of security policies across both browser and OS with Chrome Enterprise.⁷
- Ensure only managed devices can gain entry with Verified Access.⁷
- Prevent tampering with Verified Boot.⁷
