APPENDIX C – PRICING INDEX

DIR-CPO-4870

PRODUCTS	Discount % off
Critical Start	3%
Netskope	15%
Palo Alto – Product Platforms	20%
Palo Alto – Subscriptions	15%
Palo Alto - Miscellaneous	9%
Tanium – Hardware	2%
Tanium – Software	7%
Veeam	7%

MANAGED SERVICES	Discount % off
Foresite - Attack, Penetration and Incident/Breach Services	35%
Foresite - SoC-as-a-Service: Managed Security Services - Monitoring and Alerting	35%
Foresite - SoC-as-a-Service: Managed Security Services - Device (Co)Management plus Monitoring and Alerting	26%
Foresite - Managed Detection and Response Service: MDR-as-a-Service with Threat Hunting	38%
Foresite - Vulnerability and Patch Management-as-a-Service	38%
Foresite – Security Advisory Services	25%

RELATED SERVICES	Discount % off
Critical Start	3%
Netskope	1%
Tanium	3%
Palo Alto Networks - Education Training Credit	1%
Palo Alto Networks – Professional Technical Services	1%
Palo Alto Networks – Support Labs	1%
Palo Alto Networks (all other)	5%

WWT SERVICES			
SERVICE NAME	**SERVICE DESCRIPTION**	**UNIT OF MEASURE**	**Discount % off**
WWT PS Program Manager	Partner and Customer Program Facilitator	Hour	15%
WWT PS Project Manager	Helps with planning and executing customer projects	Hour	15%
WWT PS Project Coordinator	Helps coordinate customer project activities	Hour	15%
WWT PS ITSM Architect	Provides a framework for the process and cohesive connection between business and people	Hour	15%
WWT PS ITSM Engineer	Provides a combination of technology, process management and the related tool sets	Hour	15%
WWT PS Security Architect	Assists customers in identifying and mitigating cybersecurity risks	Hour	15%
WWT PS Security Engineer	Assist customer in implementing and texting new security features	Hour	15%
WWT PS Senior Security Engineer	Leads customer cyber security best practices	Hour	15%
WWT PS Data Center Architect	Designs the physical and virtual data center environments	Hour	15%
WWT PS Data Center Engineer	Assists in the designing of the physical and virtual data center environments	Hour	15%
WWT PS Senior Data Center Engineer	Leads the designing of the physical and virtual data center environments	Hour	15%
WWT PS Network Architect	Provides customers with design and implementation of networks while minimizing network vulnerabilities	Hour	15%
WWT PS Network Engineer	Assists customers with design and implementation of networks while minimizing network vulnerabilities	Hour	15%
WWT PS Senior Network Engineer	Leads customers with design and implementation of networks while minimizing network vulnerabilities	Hour	15%
WWT PS Agile Delivery Manager	Responsible for successful project delivery by overseeing the client relationships, team health and financial health of projects	Hour	15%

SERVICE NAME	SERVICE DESCRIPTION	UNIT OF MEASURE	Discount % off
WWT PS Agile Delivery Lead	Expert in Agile software development who leads projects	Hour	15%
WWT PS Agile Software Engineer	Responsible for developing the software during a project	Hour	15%
WWT PS Agile Delivery Staff	Help streamline software delivery using methodologies and tools	Hour	15%
WWT PS Agile Delivery Business Analyst	Works with the customer to provide the delivery team with appropriate business context	Hour	15%
WWT PS Agile QA Analyst	Develops and executes test plans to ensure that all objectives are met	Hour	15%
WWT PS Agile QA Engineer	Involved in every phase of the software development process to ensure software quality standards are met	Hour	15%
WWT PS End User Computing Engineer	Designs and implements EUC solutions	Hour	15%
WWT PS Senior End User Computing Engineer	Leads End User Computing designs and implementations	Hour	15%
WWT PS Principal Security Architect	Leads the technical workstreams of complex cybersecurity programs or projects	Hour	15%
WWT PS Security Advisor	Works with customers to improve their overall cybersecurity posture and maturity	Hour	15%
WWT PS Principal Security Advisor	Leads security Advisor teams during customer engagements	Hour	15%
WWT PS Security Technician	Troubleshoots network security issues	Hour	15%
WWT PS Cloud Engineer	Programs, implements and documents enterprise cloud infrastructure and platforms	Hour	15%
WWT PS Cloud Platform Architect	Designs, develops, and documents enterprise cloud infrastructure and platforms	Hour	15%
WWT PS Cloud Application Architect	Architects scalable, highly available cloud application platforms	Hour	15%
WWT PS ES Advisor	Works under the direction of the Lead ES Advisor	Hour	15%
WWT PS ES Lead Advisor	Lead the Assessment and analysis on Advisor projects	Hour	15%

SERVICE NAME	SERVICE DESCRIPTION	UNIT OF MEASURE	Discount % off
WWT PS ES Principal Advisor	Provide executive thought leadership on Advisor projects	Hour	15%
WWT PS ES Associate Advisor	Works under the direction of the ES Advisor	Hour	15%
WWT PS ES Enterprise Architect	Sets the direction and establishes the approach for IT operations and infrastructure	Hour	15%
WWT PS Learning Specialist	Delivers custom training on technology solutions	Hour	15%
WWT PS Senior Learning Specialist	Creates custom training curriculum, agenda and documentation	Hour	15%
Data Security Analyst (Level 3)	Responsible for the protection of information on technology platforms	Hour	15%
Security Administrator (Level 3)	Implements and maintains security solutions	Hour	15%
Network Security Analyst (Level 3)	Implements and maintains network security solutions	Hour	15%
Network Security Engineer (Level 3)	Designs and implements network security solutions	Hour	15%
Information Security Manager (Level 3)	Develops and manages information systems Cybersecurity	Hour	15%
IT Auditor (Level 3)	Analyzes and assesses technology infrastructure	Hour	15%
