

# Supplier Diversity Program

WWT has developed the Supplier Diversity program from the same foundation as the rest of our business – our clearly defined core values, corporate vision and mission. These principles provide transparency and visibility into our business and define how we engage employees, partners and customers.

## Mission

To mentor, educate, partner, and develop small and diverse business relationships one opportunity at a time.

## Vision

To partner with small and diverse organizations that enable transformational business outcomes to drive inclusion and economic growth in our communities.
