Employees Can Enroll Directly at www.gzenroll.com/wwt

What is Gotzoom?

Gotzoom is a financial wellness benefit provider specializing in federal student loan relief. Working with the Department of Education, we identify, maximize, and enroll an organization's employees into Federal Student Loan Repayment and Forgiveness Programs for which they are currently eligible. We provide a no-obligation benefit analysis for your federal student loans and only charge for our services when you fully understand and agree to the program benefits.

Last year, Gotzoom saved employees an average of **63%** on their federal student loans!

Average Monthly Savings: \$468
Average Annual Savings: \$5,616
Average Term Savings: \$141,406

Gotzoom fulfills the most significant void in the financial wellness marketplace by providing relief to the millions of employees suffering from the burden of federal student loans. This program could be a life changing benefit for you. This benefit is even more valuable than a stand-alone contribution platform or debt refinancing because we first leverage the federal programs designed specifically to provide significant relief while retaining all of the protections of your federal student loan. **No refinance, no credit check**, just the maximum savings for which you qualify.

No Obligation

Once you register on the [WWT Gotzoom Portal](#), we will provide a no-cost program benefit analysis to you within four business days. This analysis will inform you of how much you can save on your federal student loan debt by maximizing the use of all available federal repayment and loan forgiveness programs.

Pricing Structure

If, after the free benefit analysis, you want to proceed and utilize Gotzoom's services, the following fee structure will apply: **\$407 initial processing fee and \$32.95 per month direct billed to you.**

Once you agree, a case file is created and submitted to the U.S. Department of Education (DOE) and your loan Servicer. Most employees have access to a 60-90 day abatement program (i.e., employees can stop making their monthly federal student loan payment for the abatement period).

Support

Program participants are provided unlimited Call Center (on-shore) access for questions regarding the program and for enrollment assistance. We are here for you not just for the initial enrollment, but for every annual recertification and for any life event you may experience that may further reduce your costs!

Gotzoom manages all required administrative support throughout the term of the repayment program, including all annual re-certifications required. We also monitor all DOE programs for changes that may result in additional savings to you!

A few words from Gotzoom Members:

"It was a great experience, Chelsea was very professional, extremely knowledgeable and there was no pressure to sign up. She went over my options and made me feel comfortable in my decision." **Administrator**

"My analyst is the best person that I have ever dealt with." She is always available and always has a positive attitude and explains things in great detail." **Educator**

"Very happy with the service and thrilled with the savings! Extremely easy and smooth process. 10 out of 10!" **Public Health Provider**
